

BRAINS CHEMISTRY BOARDS REVIEW PROGRAMS

301 Ang Bahay ng Alumni Bldg., UP-Diliman, QC. ☎ 434-7423, 925-4702 • 214 Doña Amparo Bldg., España cor. GM Tolentino, Manila ☎ 736-1707

*3 topnotchers, 156 new chemists.
61.4% passing rate, better than national ($p < .0001$).*

Now, choose the program that suits your needs.

PREMIER EDITION

The all-around best program for students who want to make sure they have covered all bases to pass the licensures. The Premier Edition has produced thousands of chemists and 176 board topnotchers, performing better than other programs in the past 25 years that we've been serving students from all over the country. It proactively adapts to changing student needs, and has evolved into the program that best fits the new Chemist Licensure Examinations.

SPECIAL EDITION

For graduates of several years ago and those who know they need more guidance to relearn the lessons, no need for expensive supplementary tutorials! This program adds weekly small-group discussion (SGD) with faculty preceptors to the Premier Edition to discuss your problem sets and exams. We tested the program among target students last year, and they reported better understanding of the lectures after the weekly discussion sessions. Total SGD—36 hours. Available for Working Class and Evening sections.

Join us. And succeed. As many others did.

2018 BRAINS Outstanding New Chemists Awardees

Paulerni G. Coloyan, RCh, AdMU, 4th place
Reuben James Z. Rosal, RCh, PUP-Main, 8th place
Ranie Rovine S. Brillantes, RCh, UPM, 10th place

PROGRAM FEATURES

BE ON TOP WITH THE MOST COMPLETE PROGRAM

“Leave nothing to chance” is how your Board preparation should be. Because the Board's test specifications prescribe end-competencies that presume pre-requisite skills, some topics might not be prominently shown in the TOS (table of specifications). Trust our team of curriculum and content experts to include these, and give you the most complete program available anywhere.

THE MOST OUTSTANDING FACULTY TEAM

Only the most competent and most knowledgeable faculty are invited into the program. They include senior and former UP professors, now complemented by our very own young Board achievers with excellent teaching skills and proven subject knowledge. You will not get a better faculty team elsewhere.

PREDICT YOUR EXAM STANDING, AND DO SOMETHING ABOUT IT

Our simulated exams are highly accurate (*up to 100%*) at predicting board passers, and many times even of topnotchers. We even have an excellent database for a 5-subject board examination format, reliably predicting your chances of passing.

Know your standing before the review to calibrate your efforts against your goal. Know it again after the review to know how far you still have to go. And you don't guess. We monitor your progress individually and give you advice one-on-one!

AFTER-BOARDS CAREER GUIDANCE SERVICE

Send your career off to a good start: attend our FREE jobhunting and interview seminar right after the Boards. Get email updates on job openings as we receive them throughout the year. That means more opportunities and better career mobility for you.

PROGRAM DETAILS

Class Schedule

Section	DAYS ¹	TIME ²	START	VENUE
